
RECOMMENDATION LETTER

Rome, 25th July 2012

To Whom It May Concern,

Timea Szabo was employed by BiCuadro Architects between January and July 2012 as staff architect.

During her 6 months employment she was working on large scale international projects in Africa and Asia, such as an university campus in Malaysia and top class residential developments in Accra, Ghana. Above all, she demonstrated her outstanding skills as designer and project architect during her cooperation in the improvement of a hotel complex in Lugano, Switzerland, where she was in charge of producing Design development drawings by working close to the senior project manager.

The tasks performed include the following :

- contribution in architectural design
- exterior and interior 3D modeling of small and large scale projects
- preparation of 2D drawings and layouts
- defining details of interior design and landscape architecture

Timea Szabo is responsible, dynamic, committed to perform her duties accurately and has the capacity and willingness to learn quickly. She has a remarkable ease to work independently and also zeal to work in team.

With this letter, I affirm that Timea Szabo should be considered as an excellent candidate for architecture firms. I recommend widely her professional and personal behavior.

For the record and the appropriate purposes, I sign this letter and I remain at your disposal to clarify any questions or provide more information.

Yours sincerely,

Massimiliano Brugia
co-founder partner of BiCuadro Architects
